

EARMA Annual Conference 2011 – A giant success

Welcome back from your summer holiday.

The EARMA [AC 2011](#) was held with more than 220 Participants from 31 Countries. From the Pre-conference event 22 June to the EARMA Policy Forum 25 June, members, guests, chairs and speakers made a fantastic effort to contribute to a high level - high gain conference.

Special thank to our International guests, who gave the possibility for networking on a global scale. The Collaboration with NCURA was reinforced and we had the opportunity to meet new and well known colleagues from NCURA.

Our other colleagues in sister associations in INORMS: SRA, ARMS, SARIMA and DARMA together with friends from China, Qatar, Saudi Arabia and other countries made this EARMA conference a true global event. Big thanks to the Municipality of Braganca and the IPB for being wonderful hosts of our conference! A new and wonderful picture of Europe has been shown to us, and we take it to our hearts.

Thanks also for the tremendous and outstanding job by speakers and chairs, making this conference to one of the best conferences of EARMA ever, when it comes to high quality presentations, workshops and outcome. We really do appreciate your contribution! Thanks to our sponsors for making this event possible. The last but not the least thanks go to you, all the participants for taking this opportunity to help defining EARMA.

EARMA NCURA Fellowship Programme

Deadlines: 15 October, 15 November 2011 – and see also the Fast-Track option

The [EARMA NCURA Fellowship Programme](#) gives the possibility for you as a research administrator to work with a colleague and in the environment of a US counterpart for a few weeks. You do not have to identify exactly which University you want to visit.

On the basis of your wishes NCURA will do a match and find one or two suggestions for host. “My overall aim for the participation in the EARMA-NCURA International Research Management Programme as a Fellow was to study all aspects of research grant administration at a research university with a large medical school in order to improve our own support and training of researchers and administrative staff working with US funded grants” says Patriq Fagerstedt, from Karolinska Institutet, a fellow in 2009: “I am very thankful to EARMA, NCURA and my hosts at Stanford for providing me with this extremely valuable opportunity to learn from them how research administration of US funded projects really should be done”.

The deadlines for applications are as follows:

Main deadline 15 October 2011 12:00

Late deadline 15 November 2011 12:00

article is continue in the next page.

IF you can plan a stay late 2011 you can send your application As Soon As Possible to the EARMA Board, indicating that you want to use a **FAST TRACK** procedure.

Find further information and the relevant application forms on the EARMA website.

EARMA members will be the host of US Fellows on the programme. If you or your institution is interested in becoming an EARMA-NCURA Fellowship Programme Host Institution, Please do not hesitate to contact Jan Andersen, EARMA Chair.
